Provider Profile

Information provided by the provider describing their agency:

I have been providing services for individuals with developmental disabilities for the past 25 years. I obtained my nationally certification in the field of Developmental Disabilities in 1995. In 2001 with a partner started a company that provides nursing support to over 20 agencies because we saw a need for nurses experienced in the field with a working knowledge of the DDS system. I have been involved with the Connecticut Developmental Disabilities Nurses Association and served as president for 4 years. I am looking forward to this new aspect in care for individuals in the community in order to meet their increasing needs
